SUMMARY

Front-End Developer specializing in scalable UI architecture with 5+ years of experience, scalable, high-performance and user-centric web applications. Expertise in React.js, modern JavaScript and REST API integration, with a track record of delivering enterprise-grade solutions and scalable design systems across various industries. Experienced in working with cross-functional teams in Agile environments, optimizing frontend performance, and delivering reusable design systems for large-scale applications.

CORE SKILLS

- Skills: HTML5, CSS3, JavaScript (ES6+), jQuery, React.js, Redux, Typescript.

- UI & Styling: Tailwind CSS, Bootstrap, Figma (UI collaboration), Adobe Illustrator

- API Integration: REST APIs, Axios

- Tools/Method: Git, JIRA, Bitbucket, AWS (Basic), cPanel, Lighthouse, Redux DevTools, Vite, Webpack, Babel, React Profiler.

- Analytics & Optimization: Google Analytics, Google Search Console, GTmetrix, Google Tag Manager

- Other : AI Automation: Zapier (Zaps & Ai Agents)

PROFESSIONAL EXPERIENCE

Software Developer

iBuild Software Solutions Pvt. Ltd. | Bengaluru, Karnataka
May 2022 – Present

- Designed and developed scalable front-end architectures for multiple enterprise-grade web applications, with a strong focus on user experience and functionality.

  (Fusiondesk (ISM), iBuild ERP, iBuild Intranet Solution, PM, HRM, Cyberites, Design System, and Other Internal applications)

- Conducted code reviews and enforced best practices for maintainability and scalability.

- Mentored a team of 5 junior developers, boosting productivity and code quality through hands-on guidance and best practices.

- Conducted in-depth research and analysis across CMS, GRC, KMS, and DMS platforms, as well as G2, Gartner, and Capterra, delivering insights to optimize business processes and support informed decision-making.

- Contributed to the creation of a centralized design system, improving design-to-development alignment and speeding up UI delivery.

- Led other creative initiatives including UI, mock-ups, brand guidelines, and branding assets, ensuring consistent and engaging visual identities

---

Web Developer | UI/UX

Netclove Technologies | Bhubaneswar, Odisha
Aug 2019 – Mar 2022

- Converted UI/UX designs into pixel-perfect, accessible web pages.

- Worked closely with designers and backend developers to ensure seamless integration.

- Delivered visually consistent and user-friendly web interfaces for client-facing applications.

- Created and implemented Wireframes, mockups, and high-fidelity prototypes for web applications, ensuring seamless UI/UX functionality and Cross-browser compatibility.

Internship Trainee

Anthem Global Technology Services Pvt. Ltd· | Bhubaneswar, Odisha

Jun 2017 - Aug 2017 | 3 months

- Assisted on real-world Government and public-sector projects, gaining exposure to enterprise-scale systems and structured development environments.

- Conducted competitive research to tailor innovative designs aligned with market trends.

- Gained hands-on experience with HTML, CSS, JavaScript, jQuery, and Bootstrap, debugging, and UI enhancements.

NOTABLE PROJECTS

- **Fusiondesk - Integrated Service Management(ISM) :** Designed and developed a platform that streamlined business operations by integrating service management functions, improving workflow efficiency, and enhancing cross-team collaboration.

- **iBuildSuite – Collaboration Platform / Intranet Solution:** Built a robust intranet solution that improved internal communication and knowledge sharing, enabling faster project coordination and reducing reliance on third-party tools.

- **ConvergeUI – Design System**: Created a scalable design system with reusable UI components, increasing design-to-development consistency and reducing UI development time across multiple projects.

- **AI Agent Automation – Zapier Workflows:** Automated AI-driven workflows for content creation and LinkedIn automation, leveraging Zapier integrations to streamline publishing, enhance engagement, and reduce manual effort.

EDUCATION

- Bachelor of Technology in Computer Science & Engineering
  Biju Patnaik University of Technology, Odisha | 2014 – 2018

- Higher Secondary Education (Science)
  CHSE, Odisha | 2012 – 2014

- St. Anne's Convent School
  ICSE, Odisha *| 2012*

What I Enjoy

- Beyond code and components, I explore art, people, spaces, and stories. These experiences shape how I design - making interfaces feel intuitive, human, and purposeful.
- Outside the screen, I focus on understanding process management, Agile workflows, and productivity frameworks that enable predictable and efficient delivery.
